

“Spy scandals and human rights – What lies behind cases Ilie Cazac and Ernest Vardanyan?” (Video)

Within the project “Resource and Development Center for Transnistria” Promo-Lex launches a series of video reports on human rights on the Transnistrian region.

“Spy scandals and human rights – What lies behind the cases Ernest Vardanean and Ilie Cazac?” a story about the fate of the two political prisoners in the continuing fight between the Tiraspol regime and their perceived enemys.

Illegal detentions, serious and absurd accusations of spying and treason against a state that doesn't exist, hidden processes and delivery of raw sentences. In two different situations the same scenario was applied demonstratively in defiance of the constitutional authorities in Chisinau. Elijah Ernest, Vardanean Cossack and their families remain hostages of the situation.

The report was made within a Promo-LEX project, with financial support from the [National Endowment for Democracy](#).
